# Advanced Programming Practice · 21CSC203P

Unit 2 · Session 8 · SLO 2 — Solved Worksheet

**Name:** AKARSH MURALI AKARSH MURALI | **Reg. No:** RA2511030010067

## Unit – 2 : Session – 8 : SLO – 2 | Encapsulation

### ■ Activity – Match the Following (Answers)

• ATM Machine → Sensitive info hidden, accessed securely (PIN/data hidden, accessed through secure operations)

• Remote Control → Interface controls what user can operate (buttons = public interface; internals hidden)

• Medicine Bottle Cap → Only specific actions are allowed (child-proof cap restricts how it opens, like controlled setters)

• Bank Vault → Private data is protected from outsiders (contents inaccessible without authorization)

• Mobile Phone Settings → Public method limits how data is accessed (settings app exposes limited, validated options)
