Unit 2 · Session 1 · SLO 2 — Solved Worksheet

Name: AKARSH MURALI AKARSH MURALI | **Reg. No:** RA2511030010067

Unit – 2 : Session – 1 : SLO – 2 | Constructors

Activity (Solution)

• class Animal { String name; String species; int age;
• Animal(String name, String species, int age) { this.name = name; this.species = species; this.age = age; }
• void display() { System.out.println(name + " is a " + species + ", age " + age); } }
• public class Main { public static void main(String[] args) {
• Animal a1 = new Animal("Leo", "Lion", 5);
• Animal a2 = new Animal("Momo", "Cat", 2);
• a1.display(); a2.display(); } }
• Output: Leo is a Lion, age 5 / Momo is a Cat, age 2
